

## RS 23:302

### §302. Definitions

For purposes of this Chapter and unless the context clearly indicates otherwise, the following terms shall have the following meanings ascribed to them:

- (1) "Employee" means an individual employed by an employer.
- (2) "Employer" means a person, association, legal or commercial entity, the state, or any state agency, board, commission, or political subdivision of the state receiving services from an employee and, in return, giving compensation of any kind to an employee. The provisions of this Chapter shall apply only to an employer who employs twenty or more employees within this state for each working day in each of twenty or more calendar weeks in the current or preceding calendar year. "Employer" shall also include an insurer, as defined in R.S. 22:46, with respect to appointment of agents, regardless of the character of the agent's employment. **This Chapter shall not apply to the following:**
  - (a) Employment of an individual by a parent, spouse, or child or to employment in the domestic service of the employer.
  - (b) **Employment of an individual by a private educational or religious institution or any nonprofit corporation,** or the employment by a school, college, university, or other educational institution or institution of learning of persons having a particular religion if the school, college, university, or other educational institution or institution of learning is, in whole or in substantial part, owned, supported, controlled, or managed by a particular religion or by a particular religious corporation, association, or society, or if the curriculum of the school, college, university, other educational institution, or institution of learning is directed toward the propagation of a particular religion.
- (3) "Employment agency" means any person or agency, public or private, regularly undertaking, with or without compensation, the procurement of employees for an employer or the procurement of opportunities for employees to work for an employer.
- (4) "Genetic monitoring" means the periodic examination of employees to evaluate acquired modifications to their genetic material, such as chromosomal damage or evidence of increased occurrence of mutations, that may have developed in the course of employment due to exposure to toxic substances in the workplace, in order to identify, evaluate, respond to the effects of, or control adverse environmental exposures in the workplace.
- (5) "Genetic services" means health services, including genetic tests, provided to obtain, assess, or interpret genetic information for diagnostic or therapeutic purposes, or for genetic education or counseling.
- (6) "Genetic test" means the analysis of human DNA, RNA, chromosomes, and those proteins and metabolites used to detect heritable or somatic disease-related genotypes or karyotypes for clinical purposes. A genetic test must be generally accepted in the scientific and medical communities as being specifically determinative for the presence, absence, or mutation of a gene or chromosome in order to qualify under this definition. Genetic test does not include a routine physical examination or a routine analysis, including but not limited to a chemical analysis, of body fluids, unless conducted specifically to determine the presence, absence, or mutation of a gene or chromosome.
- (7) "Labor organization" means any organization which exists for the purpose, in whole or in part, of collective bargaining or of dealing with employers concerning grievances, terms, or conditions of employment, or for other mutual aid or protection in relation to employment or any agent acting for such an organization.
- (8) "Protected genetic information" means information about an individual's genetic tests, the genetic tests of an individual's family members, or the occurrence of a disease, or medical condition or disorder in family members of the individual.
